Democrats Want Cleveland, Whitney or Russell, and Are Confident They Can Win.

POSSIBILITIES AS TO DELEGATES.

Republican Leaders Want Their St. Louis Representatives to Go Uninstructed, with Garret A. Hobart of Paterson for Vice-President,

Few of the politicians of New Jersey take seriously the Vice-Presidential boom of Garret A. Hobart, of Paterson. They know very well that in all probability he is not even a possibility. New Jersey is a Democratic State, and notwithstanding the 26,000 plurality she gave Governor Griggs last Fall, can be safely counted upon to give her ten electoral votes for the Demoratic Electors next Fall.

The recent Spring elections, when the Democrats carried Jersey City, Newark and New Brunswick and cut down the Repubican majority in Elizabeth have convinced he most sceptical that the State is returnng to its normal political condition. Bu ven if New Jersey were doubtful and the Republicans had a fighting chance to carry it, the second place on the national ticket s altogether too great a price to pay for per few electoral votes.

Should the first place go to a Western man and the convention come East for his unning mate, the very contingency the Hobart boomers are building their hopes upon, they would not stop in New Jersey, our would cross the Hudson River to New

question has been raised as to ether General Sewell can control the delation far enough to deliver them to any date he may select, especially as some the he may select, especially as some are known to have been opposed to Mr. Hobart. John Kean, one of the es-at-large, has not forgotten how hart took the Gubernatorial nominary from him, but Mr. Kean is a man even before he is a Kean man, murphy, another of the delegates, was always an anti-Sewell man, ten the General was elected United Somator the last time, even went so muke a canvass against him. McEwan defeated Colonel Toxey the convention that elected the delegates y by the aid of the Sewell men, and will e the leaders no trouble. Those of the er delegates who will not take their ters from General Sewell will do what. Hobart tells them to do, and it apars on the surface as though the new well-Hobart scheme would go through. The Democrats are preparing for their avention to chose delegates at large to league. It will be held in Trenton on ay 7. There is not much contest over the legates, and those who have been mended are United States Senator James with Edward F. C. Elizabeth's New Railroad Depot. Elizabeth, N. J., April 27,...The Pennsylvania Railroad's new station will be ready from use by May I. It is a beautiful structure of yellow pressed brick and will cost about \$40,000. A tunnel will connect the two tracks and an elevator will convey passengers to the track elevation. The Pennsylvania crosses the Jersey Central at this point, making the tracks very high.

Mrs. Decker Is Ninety and Is Active.

Mrs. Catherine Decker, of Mariner's Harbor, Staten Island, although ninety years of age, is healthy and strong and has hardly a wrinkle on her face. Her mind is as clear as that of a girl in her teens. She is well informed on all the leading topics of the day, and is unusually lively. One of her favorite tales is regarding her trips to New York years ago in sailing vessels, the trip consuming most of the day. She has been a widow fifty years and has three children living, the eldest seventy-one years old. Mrs. Decker does all her own work in the house and garden. Besides this, she has pieced twelve silk quilts during the past year and made pillow shams to match. She laughs at people who complain of feeling old at seventy-five years of age.

Do You Know that Castoria is the prescription of the famous Dr. SAMUEL

PITCHER. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined? Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word

"Castoria" and its formula, and that to imitate them is a state prison offense? Do You Know that one of the reasons for granting this government-protection was because Castoria had been proven to be absolutely harmless? Do You Know that 35 average doses of Castoria are furnished for 35

cents, or one cent a dose? Do You Know that when possessed of this perfect preparation, your children will be kept well, and that you will have unbroken rest?

Well, these things are worth knowing. They are facts.
